COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot owned within the Properties, hereby covenants, and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association (1) annual assessments or charges, and (2) special assessments for capital improvements; such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment,

1 VOL 1450 PAGE 39

together with interest, costs, and reasonable attorneys' fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents in the Properties and for the improvement and maintenance of the Common Area, and of the homes situated upon the Properties.

Section 3. Maximum Annual Assessment. Until January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment for Class A members shall be Ninety Dollars (\$90.00) per Lot.

(a) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased each year not more than 5% above the maximum assessment for the previous year without a vote of the membership.

(b) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased above 5% by a vote of two-thirds (2/3) of each class of members who are voting in person or by proxy, at a meeting duly called for this purpose.

(c) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

(d) Class B members shall pay annual and special assessments equal to 25% of the appropriate assessment for Class A members.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures

and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 5. Notice and Quorum for Any Action Authorized Under Sections 3 and 4. Written notice of any meeting called for the purpose of taking any action authorized under Section 3 or 4 shall be sent to all members not less than 15 days nor more than 50 days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all of the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

Section 6. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for each membership category and may be collected on a monthly basis.

Section 7. Date of Commencement of Annual Assessments:
Due Dates. The annual assessments provided for herein shall commence as to all Lots on the first day of the month following the conveyance of the Common Area. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid.

Section 8. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days

1 VOL 7493 PAGE 11

after the due date shall bear interest from the due date at the rate of eight percent (8%) per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

Section 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

ARTICLE V COVENANTS

1. SINGLE-FAMILY RESIDENTIAL LOTS. Lots in Hidden Forest Unit #1 and Unit #2 shall be known and described as single-family residential lots. Lot 1, Block 11, in Hidden Forest, Unit 2-A shall be Recreation Area.

2. ARCHITECTURAL CONTROL. No building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plot plan showing the location of the structures have been approved by the Architectural Control Committee as to harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation. In considering the harmony of external design between existing structures and the proposed building being erected, placed, or altered, the Architectural Control Committee shall consider only the general appearance of the proposed building. Considerations such as size, setback, cost and other specific objective requirements are separate and apart from the function of the Architectural Control Committee. The Committee's primary function is to protect

property values by preventing unusual, radical, uncommon, curious, odd, extraordinary, bizarre, peculiar, or irregular designs or appearances from being built in the subdivision.

3. ARCHITECTURAL CONTROL COMMITTEE, MEMBERSHIP AND PROCEDURE.

The Architectural Control Committee is composed of LLOYD A. DENTON, ROBERT S. NELSON, and WILLIAM S. WATSON, 8103 Broadway, all of San Antonio, Bexar County, Texas. A majority of the Committee may elect successors, in event of resignation or vacancy, or designate a representative to act for it at any time or for any period. In the event of death or resignation of any member of the Committee, the remaining members shall have full authority to designate a successor; a resignation is effective when given in writing to L. A. D. Properties Inc., or its successors. Neither the members of the Committee, or its designated representative, shall be entitled to any compensation for services performed pursuant to this covenant. The powers and duties of such Committee and of its designated representative and requirement of this covenant shall cease on and after January 1, 1978; provided, however, that at any time the then record owners of a majority of the lots in this subdivision shall have the power through a duly recorded instrument to extend the period during which the Committee shall exercise the powers and duties herein defined. The Committee's approval or disapproval as required in these covenants shall be in writing. In the event this Committee, or its designated representative, fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with. There shall be no review of any action of the Architectural Control Committee except when such action is patently arbitrary and capricious; and under no circumstances shall such Committee, or its members, be subject to any suit by anyone for money damages.

4. DWELLING COST, QUALITY AND SIZE. No dwelling exclusive of garages, open porches, or patios, shall be permitted on any Lot in these subdivisions at a cost of less than \$35,000.00, based upon

Vol 7495
Page 543

cost levels prevailing on the date these Covenants are to be recorded. Said minimum improvement cost limitations are to be revised proportionately as of the date of actual construction of such improvements on each building site, respectively, to accord with the relative change in the Federal Home Loan Bank Board Index of Residential Building Costs in San Antonio, Texas. If such index values are not available at the time of actual construction, then said minimum improvements limitations above provided shall be revised in accordance with the Committee's choice of suitable recognized index showing fluctuations in building costs. The minimum floor area of the main structure, measured to the outside of exterior walls, exclusive of garages, open porches, patios and detached accessory buildings, shall be not less than 1700 square feet for one-story and split-level dwellings, and 1900 square feet for one-and-one-half and two-story dwellings.

5. MINIMUM MASONRY 75%: For all purposes of these Restrictive Covenants, masonry includes stucco and all materials found by the Committee as commonly referred to in the San Antonio, Texas building industry as masonry. A minimum of 75% of the first floor wall area to top of first floor window height and exclusive of openings shall be of masonry or masonry veneer construction, but in no case shall there be less than front and two sides masonry, except that split-level and multi-level construction may be exempted from this minimum masonry restriction by the Architectural Control Committee should the plans and specifications so indicate and the plans and specifications be approved as presented without conditions attached.

6. TWO CAR CARPORT/GARAGE REQUIRED. Each dwelling constructed in these subdivisions shall have a garage or carport suitable for parking two (2) standard size automobiles, which conforms in design and materials with the main structure, and shall be maintained as such.

7. DRIVEWAYS. All driveways on lots facing generally north and south shall be placed on the west side of the lots, and all driveways on lots facing generally east or west shall be placed on

the north side of the lots, except with written approval of the Architectural Control Committee, a driveway may be otherwise permitted on a lot, where the said Committee decides the proposed location will add to the appearance and value of the lot, and will not substantially detract from the appearance of the adjoining lots. All driveways in the subdivision shall be surfaced with concrete, asphalt or other similar substance. The decision of the Architectural Control Committee to allow a variance in driveway location is final.

8. RECREATIONAL VEHICLES, TRUCKS AND DISABLED VEHICLE PARKING. No boat, trailer, camper body or similar vehicle, or large truck, or any disabled vehicle shall be parked for storage in the driveway or front yard of any dwelling, nor shall any such vehicle be parked for storage in the side yard of any dwelling, unless parked to the rear of a screen fence.

9. BUILDING LOCATION. No building shall be located on any lot nearer than 25 feet to the front lot line, or to the side street line, without written approval from the Architectural Control Committee. In any event, no building shall be located on any lot nearer than twenty (20) feet to, nor further than forty-five (45) feet from the front lot line, nor nearer than five (5) feet to an interior lot line, except a detached garage or outbuilding, the front of which is not more than fifty (50) feet from the rear lot line, may be erected no nearer than three (3) feet to the inside lot line. No dwelling shall be located on any lot nearer than fifteen (15) feet to the rear lot line except dwellings on lots facing cul-de-sac streets, half cul-de-sacs, elbow corners, or on other unusually shaped lots, found to be such by said Committee, which may be twelve (12) feet from the rear lot line when a mean horizontal distance of fifteen (15) feet is maintained from the rear lot line. For the purpose of this covenant, eaves, steps, and open porches shall not be considered as a part of a building; provided, however, that this shall not be construed to permit any portion of a building to encroach upon another lot. No building on a lot facing Partridge Trail Drive shall be nearer than twenty-five (25) feet to the front lot lines.

10. LOT AREA AND WIDTH. No dwelling shall be erected or placed on any lot having a width of less than sixty (60) feet at

1 VOL 1430 PAGE 33

the minimum set back line, nor shall any dwelling be erected or placed on any lot having less than 7200 square feet.

11. WAIVER OF FRONT SETBACK REQUIREMENTS. With written approval of the Architectural Control Committee, any building may be located further back from the front property line of a lot than provided in Paragraph 9, where in the opinion of said Committee the proposed location of the building will add to the appearance and value of the lot and will not substantially detract from the appearance of the adjoining lots. Garage locations may vary upon the approval of the Architectural Control Committee. Should the plot plan or plat showing location of the proposed structure indicate on its face that a variance is sought or needed, approval of the plans, without conditions attached, shall include approval of such variances.

12. EASEMENTS. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. By acceptance of a deed to any one or more of the above lots, the owner thereof covenants and agrees to keep and maintain in a neat and clean condition any easement which may traverse a portion of the lot conveyed by deed, including the keeping of weeds and grass mowed within such area.

13. NUISANCE. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

14. NO TEMPORARY STRUCTURES. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence either temporarily or permanently.

15. SIGNS. No sign of any kind shall be displayed to the public view on any lot except one (1) professional sign of not more than one (1) square foot, one (1) sign of not more than five (5) square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period.

16. NO OIL AND MINING OPERATIONS. No oil drilling, oil

VOL 7495 PAGE 546

development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.

17. NO LIVESTOCK AND POULTRY. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose.

18. GARBAGE AND REFUSE DISPOSAL. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage, or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition. Materials incident to construction of improvements may be stored on lots during construction.

20. NO INDIVIDUAL SEWAGE DISPOSAL. No individual sewage disposal system shall be permitted on any lot.

21. FENCES. No fence, wall or hedge shall be built or maintained forward of the front wall line of the respective house. No chain link fencing will be allowed on the street side of any lot, including the street sides of corner lots.

22. SIGHT DISTANCE AT INTERSECTIONS. No fence, wall, hedge, or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways shall be placed or permitted to remain on any corner lot with the triangular area formed by the street property line and a line connecting them at points twenty-five (25) feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. No tree shall be permitted to

remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

23. BUILDINGS PREVIOUSLY CONSTRUCTED ELSEWHERE. No building previously constructed elsewhere shall be moved onto any lot in these subdivisions.

24. RADIO AND TELEVISION ANTENNA. Any radio and/or television antenna erected on any building in these subdivisions shall not extend more than eight (8) feet above the highest part of the roof of that respective dwelling, shall not be located on the front part of the dwelling, and shall not be located on the side of the dwelling nearer than ten (10) feet to the front wall line of the respective dwelling.

25. SIDEWALKS. Street sidewalks shall be constructed in accordance with requirements of the City of San Antonio in existing ordinances, including subdivision development ordinance.

26. LOT MAINTENANCE. The owners or occupants of all lots shall at all times keep weeds and grass thereon cut in a sanitary, healthful and attractive manner. Landscape treatment of lawns shall be in keeping with the general character of the subdivision. The use of gravel or crushed limestone as ground cover shall be limited to planting beds and should not exceed 20% of the total lot area.
